## **KEY SKILLS & LICENSES:**

### **Licenses: Hoisting and Excavator – operating and caring for equipment on the construction site**

- Loading and unloading construction materials
  - Cleaning obstacles and hazards to prepare construction sites
  - Ability to use light-hand tools
  - Cement preparation
  - Lubricate, clean, and repair machinery and tools
- 

## **EXPERIENCE:**

Caretaker for sick mother (3/2024 – 1/2025)

City of Fall River, Fall River, MA (10/2023 – 3/2024)

### **Water Department**

Responsible for repairing and replacing pipes throughout the city. Determined leaks in the pavement, turned off necessary water pipes, appropriately cut the street to get access to pipes, filled the holes, and patched up the street.

Excel Recycling, Assonet, MA (11/2021- 3/2022)

### **Machine Operator**

Operated the excavator for the construction workers and maintained safety protocols.

Clement Rose Excavation, Tiverton, RI (9/2019 – 1/2021)

### **Construction Laborer**

Prepared sites for the replacement of septic systems. Observed safety regulations and requirements on the job site to minimize the chances of accidents. Utilized rakes, shovels, levels, and other tools to design the leeching fields. Made sure all construction sites were cleaned to complete the projects.

Steen Realty, South Dartmouth, MA (3/2018- 6/2018)

### **Construction Laborer**

Prepared construction sites by following work plans through measuring and marking necessary distances. Observed safety regulations and requirements on the job site to minimize the chances of accidents. Brought materials and tools from trucks and storage facilities to workers. Managed hammers to assist with smoothing the foundation after the curing process. Cleaned the inside of the houses to prepare for real estate agents.
